Mechanical Breakdown Insurance

autosure INSURANCE

If your car has a breakdown we're here to help with unexpected repair bills & to get you back on the road again.

COVERED PARTS FOR CAR REPAIRS – Extreme Plus & Smart Cover

Air Conditioning
Blend motors, compressors, condensors, cooling fan motors, electronic control units, evaporators, hoses & pipes, receiver dryers, sensors & switches, TX valves.

Automatic Transmission
Bands & belts, casings, clutches, drums & hubs, electronic control modules, flex plates, gaskets & seals, gear levers, gears, internal bearings & bushes, linkages, mounts, oil pumps & coolers, oil seals & gaskets, pressure control solenoids, shift solenoids, temperature sensors, torque converters, valve body.

Braking System
ABS modules, ABS pumps, accumulators, brake calipers, electronic handbrake assemblies, equalising valves, handbrake cables, master cylinders, sensors, vacuum boosters, wheel cylinders.

Clutch – Manual Transmission
Cables, clutch forks, hydraulic pipes, master cylinders, release bearings, slave cylinders, spigot bearings & bushes. Excludes worn friction material.

Cooling System
Engine cooling fan motors, engine oil coolers, heater cores, radiators, seals & gaskets, switches & sensors, thermostats & housings, viscous fans, water pumps.

Differential
Axles, bearings & bushes, casings, clutches, crown wheels, CV joints & components, half shafts, oil seals & gaskets, pinion shafts.

Drive Shaft
Unit & components.

Electrical
Air flow meters, alternators, body control module, central locking, coils, column stalks, computers, electronic dash displays, electronic ignitions, fuse box, heater fan motors, horns, ignition leads, indicator units, inhibitor switches, injection computers, instrument clusters, knock sensors, pop-up headlamp motors, relays, reverse light switches, sensors, speed sensors, starter motors, throttle position sensors & switches, transmission computers, voltage regulators, warning lights & sensors, washer motors, window regulators & motors, wiper linkages, wiper motors, wiring looms.

Engine
Balance shafts, camshaft belts, camshaft followers, camshafts, connecting rods & pins, crankshafts, cylinder blocks, cylinder head gaskets, cylinder heads, distributors, engine management systems, engine mounts, gaskets, hydraulic tappets, idlers, inlet & exhaust manifolds, oil filter housings, oil pressure relief valves, oil pump drive gears & shafts, oil pumps, oil seals, pistons & rings, pulleys, pushrods & tappets, rocker shafts, sensors, shell bearings & internal bushes, timing belts & chain tensioners, timing gear chains or belts, valve springs, valves & guides.

This is an illustration of the types of parts that can be covered under a Mechanical Breakdown Insurance policy.

- Not all components are covered by all policies.
- Pre-existing issues, general wear and tear, and impact damage are not covered.

Front Wheel Drive Assembly
Bearings & bushes, constant velocity joints & boots, drive shafts, final drive units, hub assemblies, oil seals & gaskets, transfer cases, transfer gears.

Fuel System
Air flow meters & throttle body, fuel flow sensors & regulators, fuel gauges & sender units, fuel injection pumps, fuel injection sensors & wiring, fuel pumps, injectors, lift pumps, pipes.

Manual Transmission
Baulk rings, casings, extension shafts, gear levers, gears, internal bearings & bushes, linkages, mounts, oil seals & gaskets, selectors, shafts, synchro hubs.

Steering
Ball joints, four wheel steer, idler boxes, intermediate shafts, oil seals, power steering pumps, power steering racks & pinions, reservoirs & pressure pipes, steering boxes, steering column internal parts, tilt steer mechanisms, track rod ends.

Suspension
Anti-roll bars, anti-tramp bars, bushes, coil springs, hub assembly, leaf springs, panhard rods or track rods, rubber mountings & bushes, stub axles, sway bars, trailing arms, upper & lower ball joints, upper & lower wishbones, wheel bearings.

Transfer Box – 4 Wheel Drive
Bearings, casings, drive chains, gears, internal bushes, oil seals & gaskets, selectors, shafts.

Turbo & Super Charger
Boost controls & sensors, compressor wheels, internal bushes & bearings, seals & gaskets, turbines & shafts, turbo housings, waste gates & actuator, intercoolers.

Extras Covered by Extreme Plus

Consumable Items
Filters, fluids, oils etc. required for the claim.

Brakes & Suspension
Electronic suspension systems, emergency braking systems, shock absorbers.

Electrical
Auto opening tailgates, auto parking systems, electric towbars (factory & genuine only), factory fitted audio systems, seat motors & mechanisms, sliding doors (motorised), soft close doors & boots, sunroofs & motors.

Safety
Adaptive (autonomous) cruise control systems, cameras (front, rear, side & 360°), door handles & mechanisms, heads-up displays, keys & remotes (genuine only), lane departure warning systems, SRS airbags & related components, tyre pressure monitoring systems.

Parts List MBI SC&EP 022025

This is a summary only. Please see the policy wordings for full terms, conditions, exclusions, limits and benefits. Policies underwritten by Autosure Insurance Limited.
